EDUCATION

2025 – Present
Ramachandra College of Engineering
B.Tech – Artificial Intelligence & Machine Learning
3rd Year (2025 – 2028)

2022 – 2025
Sri Jyothi Polytechnic College
Diploma – Artificial Intelligence & Machine Learning
Percentage: 92%

SKILLS

- Python
- Java
- Artificial Intelligence
- Machine Learning
- HTML
- C
- Prompt Engineering

LANGUAGES

- English
- Telugu

PERSONAL STATEMENT

AI & ML student passionate about building practical, user-focused solutions using Python, machine learning and modern web technologies. I enjoy turning ideas into useful applications and continuously improving my skills through projects, hackathons and self-learning.

PROJECTS

Crop Scan – AI Crop Health Analysis

Developed an AI-based crop health analysis application to identify crop/leaf diseases and provide helpful guidance to farmers.

- Image-based disease detection
- Fertilizer and care recommendations
- Multilingual support (English, Telugu, Hindi, Tamil)
- Participated in hackathons and presented the project

Text Generation

Built a text generation application using Python to generate creative and relevant content.

- Explored NLP concepts and prompt-based generation
- Implemented using Python

Time Table Generator

Created a time table generator using Python to automate schedule creation.

- Helps in arranging subjects and timings efficiently
- User-friendly and simple interface

HACKATHON PARTICIPATION

- Participated in college and external hackathons on AI/ML and web development.
- Worked on innovative ideas like Crop Scan and other problem-solving projects.

WORKSHOPS & CERTIFICATIONS

- Prompt Engineering Course – Be10X
- Mentarly Workshop
- Oracle Certification – C Programming
- Oracle Certification – Java
- Oracle Certification – Python
- Simplilearn – C Programming

AREAS OF INTEREST

- Artificial Intelligence • Machine Learning • Web Development
- Prompt Engineering • Data Science • Real-world Applications
